We are thrilled to announce that the Longwood Symphony Orchestra (LSO) has selected our organizations — Greater Boston Physicians for Social Responsibility and International Physicians for the Prevention of Nuclear War — as Community Partners in their Healing Art of Music Program. Founded in Boston in 1982, the LSO believes that music has the power to heal the soul and the community. Composed primarily of highly trained musicians who are also medical professionals, the LSO's mission is to perform concerts of musical diversity and excellence, while supporting health-related nonprofit organizations.

Our concert, featuring Mendelssohn's Symphony No. 5, will take place on the evening of Saturday, October 13th at the New England Conservatory's Jordan Hall, which seats over 1,000. Also planned is a full dinner immediately prior to the concert. The evening will provide an elegant occasion to honor Dr. Victor Sidel and celebrate his life and memory.
