

CONCERT

Greater Boston Physicians for Social Responsibility (GBPSR) and International Physicians for the Prevention of Nuclear War (IPPNW) in partnership with the Longwood Symphony Orchestra invite you to a special event:

SATURDAY OCTOBER 3

New England Conservatory's
Jordan Hall

8PM

Celebratory reception begins at 5:30 PM in Williams Hall

AN EVENING HONORING SECRETARY WILLIAM J. PERRY

Your support of this event will help to advance GBPSR and IPPNW's shared commitment to a world without nuclear weapons by continuing and expanding our work in three primary ways:

- **EDUCATING** our medical colleagues, political leaders, and the public about nuclear weapons, which are one of the greatest existential threats to humankind;
- **ADVOCATING** at the local, national, and international levels for fundamental solutions to this crisis, including accepting, strengthening, and enforcing international treaties; and,
- **MOBILIZING** medical students and other young people in Boston, the US, and throughout the world to refuse this ruinous inheritance and to shape a healthy, secure future.
