

**What a team we are.  
What members we have.  
What change we're making.**

Dear {{FirstName or "Friend"}},

Thank you for your past support, which is essential to the fantastic progress we are making on raising awareness of and addressing the existential threats of nuclear weapons and climate change.

The key is: we need to keep it up!

[By donating to Greater Boston PSR \(GBSPR\) today, you can help our work to create local solutions to the climate crisis and](#) help us magnify the vibrant national and international movements to abolish nuclear weapons.

Look what we have been able to accomplish over only the last few months!  
Together, we have:

1. Educated lawmakers and policymakers about how gas utilities are greenwashing hydrogen. Compared to heat pumps, hydrogen is an unhealthy and unsafe way to heat buildings. See the [green hydrogen report](#) that GBPSR supported as part of its work with Gas Transition Allies.
2. Obtained sponsorships from three of our nine Massachusetts congressional leaders for H. Res 77 — the Back from the Brink resolution that embraces the goals and provisions of the Treaty on the Prohibition of Nuclear Weapons. We are now up to 25 sponsors for H. Res 77 including the 3 from Massachusetts. A huge thanks to our members for their steadfast advocacy and a special shout out to our elected representatives — thank you, Jim McGovern, Richie Neal and Ayanna Pressley! Check out this recent, persuasive [webinar presentation](#) about

- the Back from the Brink campaign, featuring a Q&A with Congressman Jim McGovern.
3. Organized a fall webinar series, “**The Overlapping Health Impacts of Climate Change and Nuclear Development: Global Challenge, Local Solutions,**” that explores the interaction between these existential issues. CME credit available. Stay tuned for more details!

Your steadfast support of these projects helps us stave off the largest threats to public health in our community and beyond. To continue making progress, we need you to stick with us. [Can you give any \\$ amount today to ensure that we can keep up the good fight?](#)
